Villa Trets

Vacation rental villa with private pool Aix en Provence. Nestled in the heart of a vineyard, very beautiful farmhouse, completely and elegantly restored, offering a panoramic view of the Montagne Sainte-Victoire and the Southern Alps. The site is exceptional: in a dominant position, in the vineyards, the calm is absolute, the view magical. The house is decorated and furnished with refinement by a talented decorator. The whole is very comfortable: heated infinity pool, reversible air conditioning, large terraces, summer kitchen... The property, which has 6 bedrooms, can accommodate 14 people. Ideal for people looking for calm and authenticity in the Aix en Provence region.
